

Michael Canic – AV Needs

- Wireless Lavalier microphone for audiences over 40 people
- Projector for use with a MacBook Pro computer
- One-or-more screens ensuring the presentation is visible for each audience member
- Connection to the house sound system via the MacBook Pro's headphone jack
- Power cords, extension cords, and power strips as required

AV Notes

- Michael will advance the slides and trigger other media on his own, unless otherwise agreed
- Audio and/or video recording is prohibited without written permission from Michael Canic.
